

Product Photography

Bring your products to life.
Personalized photos will help
sell your products and visually
brand your company

Free consultation...

- It can't hurt to find out what we can do for you. If you have been shooting your own products or using stock photos your company will benefit from developing its own visual style.

In Studio | by the hour...

- 1 to 4 hours - \$100/hr
- 5 plus hours - \$75/hr
- Digital imaging and delivery - \$75/hr
- All products are shot in our modern fully equip photography studio in downtown Vancouver, near 10th and Main.
- Allow one hour for background and lighting set up.
- All images require some post production. They will be optimized to you requirements
- Files will be delivered via ftp or via server client login in.
- Delivery within two business days of photo shoot
- Basic backdrops and setups are included
- Location Photography also available at an hourly rate for natural lighting only.
- Models are booked and paid for separately
- Additional usage fees may apply in some cases, however there will be no surprises

On Location studio set up

- This is convenient when there are a lot of products to shoot and many people, who want to be involved in the creative, please call for a quote.
